The image displays three different types of S Series sensors against a background of a light grey circuit board pattern. At the top right is an Inductive Sensor with a silver threaded body and a blue cap. In the middle left is a Capacitive Sensor with a blue ribbed body and a blue cap. At the bottom right is a Photoelectric Sensor with a blue ribbed body and a blue cap. Each sensor has a white cable extending from its top. Labels for each sensor type are placed near their respective units.
